

Ep. 33: Working in a Lab during Pregnancy

Linda Roberts, PhD, a toxicology consultant and member of the Society for Birth Defects Research and Prevention, joins The MotherToBaby Podcast host Chris Stallman, CGC, for the first in a series about workplace exposures. On this episode, Linda talks about the questions and concerns she had while working in a lab during her pregnancy.

Ep. 33: Working in a Lab during Pregnancy

A healthcare provider calls into The MotherToBaby Podcast after seeing an increase in the number of questions her pregnant patients are having surrounding the consumption of kombucha in pregnancy and breastfeeding. The popular drink contains a variety of ingredients and Lorrie Harris Sagaribay, MPH, joins host Chris Stallman, CGC, to break it all down for listeners.
