Ep. 51: High Risk Pregnancy and Birth Defects Prevention

Dr. Tolúwalàsé (Laşé) Ajayi, MD, FAAP from Scripps Research Digital Trials Center in California, joins host Chris Stallman, CGC to talk about PowerMom. PowerMom is a data-driven research project fueled by pregnant participants aimed at improving pregnancy health. Participants contribute information through the PowerMom website/app during their pregnancies and gain feedback as pregnancy progresses. Dr. Ajayi also shares her personal encounter with health disparities and why research may be one of the ways to help reduce the problem.
