Ep. 67: Snakes and Bear Liver at the IN Poison Center

From snake bites to polar bear liver, Adam Overberg, a pharmacist, board-certified clinical toxicologist, and the director of the Indiana Poison Center, joins host Chris Stallman, CGC, to dish on the most interesting exposure questions he gets. Overberg is an alumnus of the University of North Carolina and completed his residency and toxicology training in Indianapolis, IN. He loves talking tox and poison centers with anyone in earshot and is an ardent proponent of equity in healthcare education, practice, and research.

Ep. 67: Snakes and Bear Liver at the IN Poison Center

Dr. Steven Dudley, Director of the Arizona Poison and Drug Information Center, joins host Chris Stallman, CGC to discuss the most frequently asked questions its poison center receives from pregnant people. Some questions addressed during this episode include ones that are unique to Arizona, such as rattlesnake and scorpion bites.

Dr. Dudley is a board-certified clinical toxicologist who graduated with a PharmD from the University of Arizona College of Pharmacy in 2015. He completed a toxicology fellowship with the Arizona Poison and Drug Information Center in 2017 and spent nine years working in retail pharmacy
