

Episode 19: COVID-19 Pandemic Repercussions in Pregnancy and Breastfeeding

MotherToBaby provides an update as of 4/8/20 on COVID-19 (coronavirus) exposure in pregnancy and while breastfeeding. Maternal anxiety, depression, domestic violence, keeping prenatal appointments...New questions are, once again, answered surrounding the effects the novel coronavirus has had on pregnant and breastfeeding women with the help of Lorrie Harris-Sagaribay, MPH, a teratogen information specialist (an expert in exposures during pregnancy and breastfeeding) from MotherToBaby's North Carolina affiliate and Kirstie Perrotta, MPH, a teratogen information specialist from MotherToBaby' California affiliate.
