

Episode 3: Marijuana during Pregnancy and Breastfeeding

Now that marijuana is legal in many states, pregnant women are asking, is it ok to consume during pregnancy? How about breastfeeding? MotherToBaby Podcast host Chris Stallman, a certified genetic counselor and mother, takes questions from moms around the country about the known safety of marijuana products during pregnancy and while breastfeeding. World-renowned epidemiologist Christina Chambers, PhD, MPH, a University of California San Diego professor whose groundbreaking marijuana in breastmilk study recently made international headlines, joins Chris to provide evidence-based answers.
