

# Should my pregnant patient take this medication?

---

## Visit us at Booth 1705 to find out more!

Don't let your patients search for safety information about medications on their own during pregnancy! Our experts work with obstetricians, gynecologists and maternal-fetal medicine specialists across the US and Canada to provide evidence-based information so you can make the best treatment decisions. Stop by our booth at The American College of Obstetricians and Gynecologists 2018 Annual Clinical and Scientific Meeting to:

## Who is MotherToBaby?

MotherToBaby, a service of the non-profit Organization of Teratology Information Specialists (OTIS), is dedicated to providing evidence-based information to mothers, healthcare professionals and the general public about medications and other exposures during pregnancy and while breastfeeding.

MotherToBaby affiliates support and contribute to worldwide initiatives for teratology education and research. MotherToBaby Pregnancy Studies are conducted by OTIS and coordinated by the University of California, San Diego.
